Why Accreditation Matters

Land trusts across the country permanently protect more than 40 million acres of farms, forests, parks and natural areas that are vital to healthy, vibrant communities. Accreditation advances excellence among land trusts, and provides the public, landowners, and donors with the confidence that these important conserved lands will be protected forever.

Voluntary accreditation provides independent verification that land trusts meet the high standards for land conservation, stewardship and nonprofit management in the nationally-recognized Land Trust Standards and Practices. Accredited land trusts now conserve almost 80% of all land under conservation easement or owned in fee by land trusts, ensuring the promise of perpetuity.

Ready to see your land trust listed here?

Eligibility and Registration Requirements
A registrant must be able to respond “Yes” to:

• Are you a U.S.-based 501(c)(3) tax-exempt public charity or quasi-governmental organization?

• Have you been incorporated for at least 2 years?

• Have you completed at least two direct land or easement acquisition projects?

For more information on first-time accreditation

“The process itself will make your organization stronger, better, and more focused. Be bold and never look back!”
